#SCIENCELAB

WELCOME TO THE GLOBAL FORUM ON NICOTINE'S SCIENCE LAB. NEW FOR THE 11TH EDITION OF GFN, JUNE 2024

- Science Lab sessions will take place on Thursday 13 and Friday 14 June, during the main conference programme in Warsaw
- GFNFives submitted in the 'Science and research' category will be eligible for inclusion in Science Lab
- Those accepted for a #ScienceLab session will be given 15 minutes – including the time to show the five minute video – to present and discuss their work.
- Those presenting must be attendees at the conference.

#SCIENCELAB

GFN FIVES AND THE SCIENCE LAB:

Our alternative for conference posters, #GFNFives are five minute videos, with formats including slideshow with voiceover, animation, or recorded presentations, which cover policy, legislative and regulatory issues, consumer advocacy, regional updates and more general information about tobacco harm reduction. Watch the back catalogue of GFN Fives at:

<https://gfn.events/videos/>

New for 2024: Scientific #GFNFives will be eligible for inclusion in the #ScienceLab sessions during the main conference programme.

The content for these scientific #GFNFives might include lab-based research, epidemiological research, modelling, market research on consumer behaviour, discussing results – or expected results – of studies.

Those accepted for a #ScienceLab session will be given 15 minutes – including the time to show the five minute video – to present and discuss their work. If selected, authors will need to attend GFN24 in person.

#SCIENCELAB

SUBMISSION GUIDELINES:

- All entries must be submitted by 15 May 2024.
- Early entries are encouraged if you wish to present your Science Five at the GFN in Warsaw.
- Submit your GFN Five at: <https://gfn.events/films/submit/>
- GFN Fives should be no more than five minutes long
- If you are submitting in the Science category and wish to be considered for Science Lab you should select both the 'GFN Five' and 'Science Lab' categories on the online form.
- If your science GFN Five is selected for inclusion in the Science Lab the organisers will write to you to discuss your in person participation in Warsaw.
- Creators and scientists selected to present their scientific GFN Five in the Science Lab in Warsaw must be registered for the in person event.

VISIT [HTTPS://GFN.EVENTS/](https://gfn.events/) FOR MORE INFORMATION ABOUT THE CONFERENCE.
